

Cygwin-XP

Here is almost the last version mirror of cygwin which supports Windows XP.

Cygwin version: 25 Aug 2016 ('30 Aug' dump is coming)

Setup version: 2.874

Setup files:

[setup-x86.exe](#)

(x64 is coming)

Mirror to use: <http://cygwin-xp.portfolis.net/cygwin>

Run installer with '**-X**' flag to skip signature verification, because signature file is missing
